

# CORNICES

The Simply Elegant range of Cornices features more than one hundred quite beautiful designs - from the delightfully understated Georgian Swan Neck design to the fabulously ornate Whitehall. Often overlooked in modern buildings, cornices are capable of transforming a once ordinary space into a room of great character and style.

We also offer a number of designs as lighting troughs. These products can be used to create discreet uplighting that casts a gentle glow towards the ceiling and enhances a rooms ambience almost beyond measure. Whether for restoration of a Victorian house or Georgian mansion, or a new-build project, Simply Elegant must be your finishing touch.

**C0001 SMALL GRAPE VINE**
